GREAT WAVE OF PROSPERITY ON

Help Needed Here at Once--Two Hundred People Can Find Profitable Employment at the Factories Here

Secretary Clark of the Industrial Committee of the Commercial Club says that two hundred people are wanted in High Point at once to meet the requirements of the various factories which find themselves on a tidal wave of prosperity with orders piling up by the hundreds and notwithstanding extra hours by a full force many of them keep falling further behind. Never was business so good here and certainly not near so good in the history of the city just preceding a national election.

The bringing of two hundred more people to High Point (and Secretary Clark says he will get them) will bring at least 200 more women and girls to High Point and it is believed the textile industries can easily take care of this class of labor. Mr. Clark is now running want ads in the newspapers and magazines of the state in order to get the people here.

The pay at the furniture factories average \$1.65 a day and just "common" labor can draw a wage of \$1.50 a day.

There will also be needed at least one hundred men on the street work. There are absolutely no loafers here and labor is very scarce, so scarce that carpenters cannot be had to build houses fast enough to house the people continually coming to work in the various mills and factories.

In fact small houses are greatly in demand but Secretary Clark has undertaken to house all new comers satisfactorily until better arrangements can be made.

High Point is singing a song of prosperity 365 days in the year with the dinner pail bulging open, the pay envelope leaving enough for some of the luxuries of life, cozy homes (big and little) awaiting the honest toiler as he comes home in the evening to be with his loved ones who are properly fed and clothed--all is joy and contentment--and may no hing intervene to disturb these blessed days.

THINGS PERSONAL AND OF A GENERAL NATURE

John S. Henderson, former member of Congress from the 8th district, died at his home in Salisbury Monday morning in his 71st year.

Mrs. B. Frank Mebane of Spray, is on the "Billion Dollar Train"--the Petticoat special that is touring the west in the interest of Hughes.

Geo. Brooks, colored, was given 14 months on the chain gang in Monday's court for violating the prohibition law.

T. J. Gold, our sprightly democratic vote getter, is making a reputation among the people these days. They do say that Tom knows how to handle Hughes' arguments to a finish.

Supt. W. M. Marr made a very fine talk Sunday morning at the North Main Street M. P. church on "Conscience" in the absence of Pastor A. G. Dixon.

That was a very interesting moving picture at the Broadway Monday night showing Penny Bros. and Thomas Bros. the world's premier auctioneers selling land at Asheville near the famous Grove Park Inn. There was some action in the picture which showed up our townsmen in a fine manner.

H. C. Fields of Ridgeway, Va., attended the funeral services of his sister, Mrs. Jack Pegram.

Piping is being hauled and other needed material placed on the ground for work to commence on South Main street.

We honestly think that those due for paper should pay now. Times are good and we need the money to day for the paper that has advanced 300 per cent.

Since Hughes is after the German-American vote what is he going to say about the recent German raid on the New England coast?

Julius C. Smith of this city will marry Miss Lila Mary Keith of Currie, N. C., Oct. 26th.

Field on West High street, Mrs. Grace Fields Pegram, aged 25 years, died of tuberculosis, after being confined to her room for several weeks. Dr. Gilbert T. Rowe of Wesley Memorial M. E. church, conducted the funeral services from the home Monday afternoon at 3:30 o'clock and the remains were interred in Oakland cemetery.

The passing of this popular young woman, who was born and reared here, is deplored by all. She was devoted to her fate and expressed her wish when the time came for her to leave home and loved ones. The deceased is survived by husband (Jack Pegram) father and mother, four brothers, Bert, Harry, Clarence and Guy and one sister Mrs. Fred N. Lee.

The pall bearers were: W. H. Ragan, A. E. Tate, E. W. Freese, J. W. Harris, R. B. White and H. W. Fraser. Beautiful floral offerings covered the grave and attested the esteem in which the deceased was held by friends.

Penny Bros. and Thomas Bros. representatives of the American Realty and Auction Co. pulled off another big one at Trinity Monday when the Heitman land was sold at a very satisfactory price and all seemed pleased as is usual the case with land sales conducted by these gentlemen. Revival Meeting at Main Street Church

Pastor H. H. Robbins begins a series of meetings at Main Street M. E. church next Sunday, Oct. 15th, to which the public is cordially invited.

BUG JUICE FOR SORES

Jim Manly, white, of Lexington, drew a six months road sentence in recorder's court last week for having in his possession 23 pints of the "forbidden juice of the corn", which was later poured into the sewer at the command of the recorder. Manly claimed that he got the whiskey to bathe an old sore, this being recommended and decided upon after the doctors failed to do him any good.

Presiding Elder Rowe of Salisbury district missed an appointment at Salisbury Sunday evening (due to a miscalculation of train time) the first time such a thing has happened in 39 years. A fine record. He is the father of High Point's beloved pastor of Wesley Memorial M. E. church.

FATHER DEFIES ORDER OF COURT

But Girl Chooses Husband and Goes with Him Despite All Efforts

Shelby, Oct. 8.--The usual quiet of the Sabbath day was broken this afternoon by the most intense excitement. The trouble began several days ago when Jack Martin, of the Fallston neighborhood, ran away and married the 17-year-old daughter of Hill Lackey, of the neighborhood. The father did not allow the successful elopement to end here but took immediate possession of his daughter. To insure her safe-keeping, he rushed her to Virginia. The groom called upon the law to aid him in recovery of his young wife. A habeas corpus proceeding was begun before Judge Webb. Mr. Lackey was put under bond to produce the girl before the court in Shelby Saturday morning. Mr. Lackey appeared but the daughter did not. He was immediately put in jail. Then he wired his daughter to come. The judge ruled that when she appeared she might choose between husband and father. She arrived at noon and was taken to the home of a prominent citizen. Mr. Lackey was released from jail and went immediately to the home where his daughter was stopping. In the meantime, more than seventy-five citizens from Martin's neighborhood had gathered in town to see that he got his young wife. The crowd was doubled by interested citizens in Shelby.

All repaired to the home when the young Mrs. Martin was stopping, but the father had preceded them and had his daughter in his possession, having pushed her into the dining room, it is alleged, when notified of the appearance of Martin. The crowd cheered Martin and urged him to get his wife. The deputy sheriff was present to see that the order of the court was carried out, but the father was obdurate. He refused to give up his daughter and defied the court's order, the officer, the crowd. The daughter was asked to make her choice. She replied that Martin was her husband and that she wanted to go with him. A struggle followed the effort of the officer to release the daughter from the determined grip of the father. The girl screamed and called for help. The crowd yelled and for a few moments a riot was imminent. The host refused to allow any one to enter save the officer, the husband and the father. Finally the girl was snatched away from the father but left her coat and handbag in his hands. When the groom appeared a shout and a cheer went up from the crowd. One man was heard to say: "I have a farm worth \$6,000 and I'll spend it all to help you win."

The groom rushed his bride to an automobile and left for his home. Further court proceedings will be watched with interest.

"Where Are My Children?"

This is the subject of the greatest five-reel motion picture of its kind the editor ever saw, and it's coming to The Broadway Theatre Thursday and Friday, Oct. 26 and 27th. We hope every husband and wife especially will see it and to those who are inclined to abhor motherhood it is particularly suited. Even our children should know of the blessings of lawful motherhood at the proper age, lest some of them grow up in ignorance and be swept off of their feet by the devil in sheep's clothes. Too often has our seemingly modesty kept us from revealing the great nature truth in a way our children should understand it and too often have we paid the price of a false modesty. We need more such pictures so the present and coming generations can see them. Manager Wagner of the Broadway wanted the picture passed upon by citizens of High Point before booking it and he selected as a Board of Censorship Messrs. J. T. Burrus, Geo. A. Matton, W. N. Keener and J. P. Rawley of the Enterprise and W. L. Stamey of The Review and with one accord these gentlemen pronounced it a great picture with a mighty moral force. Said Dr. Burrus "nobody but a fool or an ignorant person would censure such a great living, moral reproduction of every day life."

And this expresses the sentiment exactly of all present Saturday to pass upon "Where Are My Children."

WANT OIL ASPHALT

Citizens of East Washington street signed a petition requesting that oil asphalt be used instead of lake like designated on other streets of the city as they could see no reason why they should pay 10c a yard more for something considered no better than the cheaper in price kind.

In fact we think it would be a good idea for the city to decide on oil asphalt altogether and cut out the worry of trying to use two kinds, except where it is absolutely necessary to use lake asphalt.

The city and property owners alike will save by it.

Everybody's Day Success

The editor spent awhile Saturday at Thomasville taking in Everybody's Day. We found a great crowd, plenty of amusements, both free and paid and everything to make an enjoyable day of it. The exhibits were excellent, the parade creditable, the balloon ascension and parachute leap perfect, the music pleasing and the crowd jolly and enjoying the occasion. It is estimated that fully ten thousand people were present.

An Evening with Nature-- Beautiful Picture Painted By an October Sunset

Did you see that beautiful sun set Sunday evening? If not you missed a treat; no master artist could half-ways do it justice. There may have been many just as pretty settings before but we have never seen them. Colors!—ah, my, what a beautiful assortment so harmoniously blending themselves together. Settings!—magnificent, glorious, grand! No human hand helped to fashion the wondrous beauties unfolded to the eye—it was the work of the great master painter aided by the angelic hosts—a picture as it were of paradise—of the great and eternal beyond we call heaven. Here was a great city laid off, stretching across the western horizon with its streets of gold, inlaid with pearl, the buildings of sapphires and rubies, the lakes and rivers of indescribable blue, the parks and boulevards with their beautiful foliage dyed in heaven's prettiest green while the walk ways were studded with precious stones. Here and there could be seen the white robed hosts of the redeemed, their harps of gold, their crowns the colors of the rainbow and their wings dipped in the lakes of gold and silver. Canoes were gliding here and there along the placid streams of golden waters, made so by the reflection of the mighty October sun ere it took the evening's departure to the other side of the world—perhaps it was the true and faithful landing their frail barks in the haven of refuge and rest or to the red man's happy hunting grounds. Never such colors displayed in anything, earthly, the various shades of red, blue, green, yellow—ah, what a picture for the lover of nature to gaze upon! Surely this was a reflection of the eternal home where our loved ones dwell!

The same evening as the moon came from among the erstwhile golden clouds and cast a silvery beam over myriads of smaller clouds another beautiful scene greeted the eye and caused one to linger long over the wonderful nature painting, enacted on this beautiful October evening.

Mendenhall expects to have Hon. Cameron Morrison of Charlotte here and if the plans do not miscarry ex-Governor W. W. Kitchin will close the campaign for the democrats. Mr. Mendenhall believes in big things and he gets what he goes after, as evidence of the above.
